INTRODUCTION

The purpose of this guide is to give you an overview of how you could holistically deliver a range of units from the following OCR qualifications.

- **Cambridge Progression English Entry Level 3**
- **Life and Living Skills Entry Level 3**

When delivering any qualification it is always useful to be able to look at the full range of units selected and consider how they are or could be linked together – a holistic approach.

A holistic approach will provide you with a structured plan to teach the learners how a range of topics work together across a number of units, providing them with some understanding of how skills and knowledge link together in a working environment.

This project enables the delivery and facilitation of learning of the following units by setting a range of activities (see table below). The English underpinning skills have been contextualised within the activities.

Cambridge Progression English Entry Level 3

Unit		In activity
Entry Code 5723	Listen and respond to specific information	1, 2, 5, 6, 7, 8, 9, 10, 12 

Life and Living Skills Entry Level 3

Unit		In activity
Unit N15 (World of Work)	Effective communication for work	1, 2, 3, 4, 5, 6
Unit N16 (World of Work)	Preparation for work	7, 8, 9, 10, 11, 12

Tutors will need to explicitly deliver the new skills and knowledge that the learners will need for each activity either before or during the activity.

Learners may need extra learning practice of the new skills and knowledge before, during or after each activity to ensure each learner is secure in that skill.

This project can be delivered collaboratively between a number of different specialist tutors.

By the end of this project, and if the learner has successfully worked through all the activities, they should have generated sufficient evidence to be able to achieve the units on previous page.

Opportunities for English and Maths Skills Development

We believe that being able to make good progress in English and maths is essential to learners in both of these contexts and on a range of learning programmes. To help you enable your learners to progress in these subjects, we have sign-posted opportunities for English and maths skills practice within this resource. These suggestions are for guidance only. They are not designed to replace your own subject knowledge and expertise in deciding what is most appropriate for your learners.

METHODS OF ASSESSMENT

The units in this Project Approach have different methods of assessments.

- The Life and Living Skills units (N15 Effective communication for work and N16 Preparation for work) are internally assessed through a centre-set assignment and then externally moderated by OCR by post. At the rear of this Project Approach there is a Learner Criteria Achievement Document which can help you track the criteria achieved by your learners. Your learners need to provide evidence to prove that they have achieved the criteria. Evidence can be in the form of learners' written work, witness statements, photographs of the learners' work, or other types of documents. The Learner Criteria Achievement Document replaces the Record of Assessment and Evidence (RAE). The completed Learner Criteria Achievement Document and the learners' evidence will make up the portfolio that is posted to the OCR moderator. Further information can be found in the Life and Living Centre Handbook. <http://www.ocr.org.uk/Images/76954-centre-handbook.pdf>
- The Cambridge Progression English units (Entry Code 5723 Listen and respond to specific information) is internally assessed using the OCR-set Assessment Tasks and then externally moderated by OCR by post. You will assess your learners using an Observation Record found in Forms on the Cambridge Progression English web page. Please see the Cambridge Progression Admin Guide for further information. <http://www.ocr.org.uk/Images/151588-admin-guide-cambridge-awards-certificates-in-english-and-mathematics-cambridge-progression-2014-15.pdf>

ACTIVITIES GUIDANCE

You will first need to read the Mapping Cambridge Progression to Life and Living Skills section for each activity to ensure that all skills and knowledge are delivered before or during the activity.

- For portfolio building, evidence will be needed to show that the learners have demonstrated that they are secure in the knowledge or skill.
- Use the Learner Criteria Achievement Document (Appendix 1) to ensure that you record the criteria achieved.
- For the internally assessed units, Cambridge Progression English units (Entry Code 5723 Listen and respond to specific information) which is internally assessed using the OCR-set Assessment Tasks and then externally moderated by OCR by post, ensure that you observe and document that the assessment criteria has been met on the relevant Observation Record.

You should plan specific activities that follow the Activity Guidance, but also are appropriate for your learners' needs. An activity can be delivered over one or several sessions – there is no time limit. Supporting activities may be needed to support further understanding or reinforce learning.

It is hoped that specialist English tutors will work collaboratively with vocational staff to deliver the activities together.

MAPPING CAMBRIDGE PROGRESSION TO LIFE AND LIVING SKILLS

In the table below, the Assessment Criteria of the Cambridge Progression English and Maths units and the Assessment Criteria of the Living and Living Skills units have been mapped to each of the activities. The Skills and Knowledge that you need to deliver to your learners is explained below.

The Project, The Activities

For this project, we have provided two Lesson Elements which contain a number of activities.

Lesson Element – Communication skills in the workplace (N15)	
Activity 1 – Communicating in the workplace	
Activity 2 – Responding to other people	
Activity 3 – Different ways of communicating in the workplace	
Activity 4 – Sharing information in the workplace	 
Activity 5 – Following instructions in the workplace	
Activity 6 – Following instructions in different types of workplaces	

Lesson Element – Personal skills and qualities (N16)	
Activity 7 – What are personal skills and qualities?	
Activity 8 – Are you listening?	
Activity 9 – Improving personal skills and qualities	 
Activity 10 – Personal skills and qualities and different jobs	 
Activity 11 – Matching personal skills and qualities	
Activity 12 – Your CV	

Give the learners the Lesson Element provided.

Say to your learners:

We are going to start a project called Effective communication for work: Pre-employment Skills. You're going to be working in group and will complete a number of activities.
